

ROWMARK'S NOMARK PLUS® & STANDARD METALS

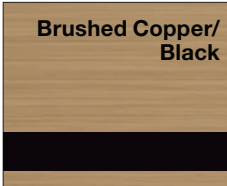

MEETING ALL OF YOUR SAFETY AND INTERIOR SIGNAGE NEEDS

Rowmark's NoMark Plus® and Standard Metals is a two-ply brushed metallic acrylic designed for rotary engraving and indoor applications. This product line features hard-coated metallic finishes and a glossy appearance to provide the look and luster of real metal. Add NoMark Plus® coating for superior durability and protection against marring and light abrasions.

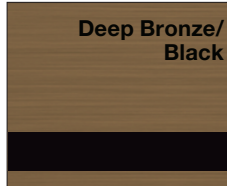

Ideal for safety signage, plaques, ID plates/labels, name tags/badges, interior signage and much more. Available in 0.8mm or 1.6mm thickness and the option of an adhesive backing. Always in stock, ready to ship, and manufactured 100% by Rowmark.
