

// Social Responsibility Statement

LEADERSHIP IS BEST DEMONSTRATED BY GIVING BACK TO OTHERS.

This was the mindset and corporate governance established and implemented by Rowmarks' founder, Fred Kremer. Fred firmly believed that this organization and our supply chain partners, in addition to building the best products in the market would also serve to support global regulations, important causes and community efforts.

Over the past 25+ years, Rowmark has become an industry leader in the manufacturer of thermoplastic sheet and expanded its distribution globally, while maintaining a balance between economic and environmental responsibilities.

Areas of social responsibility include:
