

**Section 1. Product and Company Identification**

**Product Name:** Safe T Mark  
**Trade Name:** Film-Stamped Flame Retardant ABS  
**Recommended Use:** Signage, Other  
**Restrictions on Use:** None

<b>Manufacture:</b> Rowmark 5409 Hamlet Drive Findlay, OH 45840	<b>In Case of Emergency:</b> Call: Medical: 911 Poison Control: 800-589-3897
	<b>Information:</b> Call: 1-877-ROWMARK Email: <a href="mailto:techhelp@rowmark.com">techhelp@rowmark.com</a>

**Section 2. Hazard Identification**

GHS Classification: Not Classified GHS Label Elements: Not Applicable  <b>GHS Rating</b> <table border="1"> <tr><td>Health</td><td>4</td></tr> <tr><td>Flammability</td><td>5</td></tr> <tr><td>Instability</td><td>5</td></tr> <tr><td>Other</td><td></td></tr> </table> Other Hazards: Not Applicable	Health	4	Flammability	5	Instability	5	Other		<b>NEW GHS Hazard Categories</b> Category 1 = Severe Hazard Category 2 = Serious Hazard Category 3 = Moderate Hazard Category 4 = Slight Hazard Category 5 = Minimal Hazard
Health	4								
Flammability	5								
Instability	5								
Other									

**Section 3. Composition / Information on Ingredients**

Name	CAS #	% by Weight	OSHA
Acrylonitrile/butadiene/styrene resin	9003-56-9	70-90%	
Aluminium Flake	7429-90-5	0-2%	Y
Carbon Black	1333-86-4	0-2%	Y

The substance(s) marked with a "Y" in the OSHA column are identified as hazardous chemicals according to the criteria of the OSHA Hazardous Communication Standard (29 CFR 1910.1200).

\* Remaining components are proprietary, non-hazardous, and/or present at amounts below reportable limits.

**Section 4. First Aid Measures**

**Inhalation:** Dust and process vapors may be irritation to the nose, throat and respiratory tract. Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get Medical attention.

**Eyes:** Dust, fines and process vapors may irritate the eyes. Immediately flush eyes with water for at least 15 minutes. Get medical attention.

**Skin:** Exposure to molten plastic may cause thermal burns. If molten material comes in contact with the skin, cool under ice water or a running stream.

**Ingestion:** No adverse health effects expected from ingestion.

**Section 5. Fire-Fighting Measures**

**Suitable Extinguishing Methods:** Dry Chemical, Water Spray, Foam Carbon Dioxide. Avoid using direct streams of water on molten burning material.

**Unsuitable Extinguishing Methods:** NONE known.

**Hazards During Fire-fighting:** Carbon monoxide, carbon dioxide, original monomer other hydrocarbon oxidation products.

**Protective Equipment:** Wear self-contained breathing apparatus and protective suit.

**Section 6. Accidental Release Measures**

**Personal Precautions:** See Section 8 - Exposure Controls / Personal Protection.

**Environmental Precautions:** No Special environmental precautions required.

**Methods and Materials for Containment and Cleaning Up**

**Spill / Leak:** Containment of this material should not be necessary. Sweep up or gather material and place in

**If Molten:** Allow material to cool and place into an appropriate marked container for disposal.

**Section 7. Handling and Storage**

**Handling:** Keep away from heat, flame and strong oxidizing agents. Good housekeeping and controlling dusts are necessary for safe handling of product. Workers should be protected from the possibility of contact with

molten resin during fabrication. Large masses of molten polymer held at elevated temperatures for extended periods of time may auto-ignite.

Storage: Keep away from heat, sparks, and flame. Store horizontally in cool, dry place in original container and protect from sunlight.

### Section 8. Exposure Control and Personal Protection

#### Exposure Limits:

- 1) **Effects of Acute Exposure:** Can cause irritation in upper respiratory tract if inhaled
- 2) **Effects of Chronic Exposure:** None identified
- 3) **OSHA Permissible Exposure Limit:** None identified
- 4) **Carcinogen Potential:** See section 11, Toxicological Information

#### Engineering Controls:

Use recommended safe handling practices to minimize unnecessary exposure.  
General room ventilation is adequate for storage and ordinary handling.  
Use local exhaust at points of fume generation or if dusty conditions prevail.

#### Personal Protective Equipment:

Wear safety glasses with side shields or chemical goggles to prevent eye contact.  
Have eye-washing facilities readily available where eye contact can occur.  
Wear impervious gloves and protective clothing to prevent skin contact.

### Section 9. Physical and Chemical Properties

Appearance:	Various colors	Vapor Pressure:	Not applicable
Odor:	Characteristic odor	Vapor Density:	No data available
pH:	Not applicable	Relative Density:	No data available
Melting Point / Freezing Point:	No data available	Solubility (ies):	Insoluble in water
Boiling Point:	Not Applicable	Partition Coefficient (N-Octanol/W <sub>2</sub> O):	Not applicable
Flash Point:	No data available	Auto-Ignition Temperature:	Not applicable
Evaporation Rate:	Not Applicable	Decomposition Temperature:	No data available
Flammability (solid, gas):	Flame retardant	Viscosity:	Not applicable
Upper Explosive Limit:	Not established	Specific Gravity:	1.2 g/cm <sup>3</sup>
Lower Explosive Limit:	Not established	Percent Volatile:	

### Section 10. Stability Reactivity

Reactivity:	Hazardous polymerization does not occur
Chemical Stability:	Stable
Possibility of Hazardous Reactions:	None known
Conditions to Avoid:	None known
Incompatible Materials:	None known
Hazardous Decomposition Products:	None known
Combustion Products:	None known

### Section 11. Toxicological Information

#### Irritation Effects

Eye Irritation:	Solid particles may cause transient irritation from mechanical abrasion.
Skin Irritation:	Not expected to cause skin irritation. Molten material may cause thermal burns.
Inhalation:	Not a likely route of exposure. Process fumes may cause irritation.
Ingestion:	May cause a choking hazard if swallowed.

**Acute Effects of Exposure:** Gases and fumes evolved during thermal processing or decomposition of this material may irritate the eyes, skin or respiratory tract and cause nausea, drowsiness and headache.

**Chronic (non-cancer) Effects of Exposure:** Not expected to cause any adverse chronic health effects.

### Section 12. Ecological Information

Eco-toxicity:	Toxicity to fish - No relevant studies identified.
Persistence and Degradability:	This material is not expected to be readily biodegradable.
Bio-accumulate Potential:	Product is not likely to accumulate in biological organisms.
Mobility in Soil:	This Product has not been found to migrate through soils.
Other Adverse Effects:	None identified

### Section 13. Disposal Considerations

#### Disposal Methods

Product Recommendation:

1. Recycle (Reprocess) if product has not been contaminated so as to make it unsuitable for its intended use.
2. Disposal through controlled incineration or authorized waste dump in accordance with Local, State or Federal Regulations.

Uncleaned Packaging Recommendation:

1. Disposal must be done in accordance with Local, State, or Federal Regulation.

**Section 14. Transportation Information**

UN Number: Not Relevant

UN Proper Shipping Name: Not Relevant

**Transportation Hazard Class(es)**

DOT: Not Regulated/classified

TDG: Not Regulated/classified

ADR / RID: Not Regulated/classified

IMDG: Not Regulated/classified

ICAO/IATA: Not Regulated/classified

Packing Group: Not Applicable

Environmental Hazards: Not Relevant

Transportation in Bulk (According to Annex II of MARPOL 73/78 and IBC Code): Not Relevant

Special Precautions for User: No special precautions

**Section 15. Regulatory Information**

The information herein is presented in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied is given. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with federal, state or provincial, and local laws. The following specific information is made for the purpose of complying with numerous federal, state or provincial, and local laws and regulations. See other sections for health and safety information.

**United States Federal Regulations**

**SARA 313 INFORMATION:** This product may contain chemicals which are listed in section 313 above the minimum concentration.

**Material**

Bromine Compound

Antimony Compound

Arsenic

**Immediate Hazard:** NO

**Fire Hazard:** NO

**Reactivity Hazard:** NO

**Delayed Hazard:** NO

**Pressure Hazard:** NO

**⚠️ WARNING:**

This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer.

For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

**Section 16. Other Information**

The information presented in this Safety Data Sheet is based on data considered to be accurate as of the date this Safety Data Sheet was prepared. However, no warranty or representation, expressed or implied, is made as to the accuracy or completeness of the foregoing data and safety information, nor is any authorization given or implied to practice any patented invention without a license. In addition, no responsibility can be assumed by vendor for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices, or from any hazards inherent in the nature of the product.

Revision Date: January 2020
