4) Carcinogen Potential:			
Engineering Controls:			
	led safe handling practices t	o minimize unnecessary exposu	e.
	entilation is adequate for sto		
Use local exhau	st at points of fume generati	on or if dusty conditions prevail.	
Personal Protective Equipment:			
		emical goggles to prevent eye cor	ntact.
		where eye contact can occur.	
Wear impervious	s gloves and protective cloth	ning to prevent skin contact.	
Section 9. Physical and	Chemical Properties		
Appearance:	Various Colors	Vapor Pressure:	Not Applicable
Odor:	Slightly acrylic	Vapor Density:	Not Applicable
pH:	Not applicable	Relative Density:	1.19 g/cm3
Velting Point / Freezing Point:	No data available	Solubility (ies):	Not Applicable
Boiling Point:	No data available	Partition Coefficient (N-Octanol/	W No data available
Flash Point:	Not applicable	Auto-Ignition Temperature:	739°F (393°C)
Evaporation Rate:	Not applicable	Decomposition Temperature:	>572°F (> 300°C)
Flammability (solid, gas):	See GHS in section 2	Viscosity:	No data available
Upper Explosive Limit:	Not applicable	Specific Gravity:	1.19 Water = 1 (liquid)
Lower Explosive Limit:	Not applicable	Percent Volatile:	0%

Chemical Stability:	Stable
Possibility of Hazardous Reactions:	Hazardous polymerization does not occur
	Avoid flames, welding arcs, potential ignition sources, or other high temperature sources,
Conditions to Avoid:	prolonged contact with acids, alkalis and strong oxidizing agents
Incompatible Materials:	None under normal conditions of use
Hazardous Decomposition Products:	Carbon oxides, Acrylates, Methacrylates, Hazardous organic compounds
Combustion Products:	No data available
Section 11. Toxicological Inf	formation
Irritation Effects	
Eye Irritation:	Solid particles may cause transient irritation from mechanical abrasion.
Skin Irritation:	Not expected to cause skin irritation. Molten material may cause thermal burns.
Inhalation:	Not a likely route of exposure. Process fumes may cause irritation.
Ingestion:	May cause a choking hazard if swallowed.
Data for PLEXIGLAS® DR®-101 AC	
Acute Toxicity	
Dermal:	Acute toxicity estimate > 5,000 mg/kg
Inhalation:	4 h Acute toxicity estimate > 10 mg/L
Data for Acrylic copolymers (Propr	
Other Information	
	sented is from representative materials in this chemical class. The results may vary
depending on the te	
	essing releases or residual monomer: Possible cross sensitization with other acrylates and
methacrylates.	
Data for Acrylic styrene copolymer	s (proprietary)
Other Information	
	sented is from a representative material with a similar structure. The results vary
	ze and composition of the test substance.
Effects due to proce	essing releases or residual monomer: Possible cross sensitization with other acrylates and
methacrylates.	
Additional Toxicological Informatio	
	specifications, the product does not have any harmful effects according to
research and information provided by	suppliers.
Carcinogenic Effect	
International Agency for Rese	arch on Cancer (IARC) : Group3 NOT classifiable as to its carcinogenicity to humans.
Section 12. Ecological Inform	
Eco-toxicity:	Toxicity to fish - No relevant studies identified.
Persistence and Degradability:	This material is not expected to be readily biodegradable.
Bio-accumulate Potential:	Product is not likely to accumulate in biological organisms.
Mobility in Soil:	This Product has not been found to migrate through soils.
	This Substance is not in Annex I of Regulation (EC) 2037/2000 on substances that deplete
Other Adverse Effects:	the ozone layer.
Section 13. Disposal Consid	erations
Disposal Methods	
Product Recommendation:	
1. Recycle (Reprocess) if product has	not been contaminated so as to make it unsuitable for its intended use.
	ation or authorized waste dump in accordance with Local, State or Federal Regulations.
Uncleaned Packaging Recommendat	
0 0	nce with Local, State, or Federal Regulation.
Section 14. Transportation In	nformation
UN Number	Not Relevant

Section 14. Transportatio	in mormation
UN Number:	Not Relevant
UN Proper Shipping Name:	Not Relevant
Transportation Hazard Class(es	
DOT:	Not Regulated/classified
ADR / RID:	Not Regulated/classified
IMDG:	Not Regulated/classified
ICAO/IATA	Not Regulated/classified

Packing Group:	Not Applicable		
Environmental Hazards:	Not Relevant		
Transportation in Bulk (Accord	ing to Annex II of MARPOL 73/78 and IBC Code):	Not Relevant	
Creatial Dressutians for Llasr	No encoiol presecutions		

Special Precautions for User: No special precautions

Section 15. Regulatory Information					
Hazard categories under criteria of SARA Title III	Hazard categories under criteria of SARA Title III Rules (40 CFR Part 370)				
Immediate (Acute) Health	Ν	Delayed (Chronic) Health	Ν		
Sudden Release of Pressure	Ν	Reactive	Ν		
Fire	Ν				

The components of this product are all on the TSCA inventory list.

INGREDIENT RELATED REGULATORY INFORMATION:

SARA REPORTABLE QUANTITIES	CERCLA RQ	SARA TPQ
Ethyl acrylate	1000 LBS	N/A
Methyl methacrylate	1000 LBS	N/A
P (EA/MMA)	N/A	N/A

SARA TITLE III, SECTION 313

This product does contain chemical(s), which are defined as toxic chemicals under and subject to the reporting requirements of, Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372. See section 2.

Chemical Name	CAS-No.	De minimis concentration	Reportable Threshold:
Ethyl acrylate	Not assigned	Not assigned	Not assigned
Methy methacrylate	Not assigned	Not assigned	Not assigned
Aluminium	Not assigned	Not assigned	Not assigned
Copper	Not assigned	Not assigned	Not assigned
2-Propenoic acid, ethyl ester	140-88-5	0.10%	10000 lbs (otherwise used (non- manufacturing/processing)) 25000 lbs (manufacturing and processing)

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)-Reportable Quantity (RQ)

Chemical Name	CAS-No.	Reportable quantity
2-Propenoic acid, 2-methyl-, methyl ester	80-62-6	1000 lbs
2-Propenoic acid, ethyl ester	140-88-5	1000 lbs

Chemical Inventory Status

EU. EINECS	EINECS	Conforms to
United States TSCA Inventory	TSCA	The components of this product are all on the TSCA Inventory
Canadian Domestic Substnaces List (DSL)	DSL	All components of this product are on the Canadian DSL.
China. Inventory of Existing Chemical Substances in China (IECSC)	IECSC (CN)	Does not conform
Japan. ENCS - Existing and New Chemical Substances Inventory	ENCS (JP)	Does not conform
Japan. ISHL-Inventory of Chemical Substances	ISHL (JP)	Does not conform
Korea. Korean Existing Chemicals Inventory	KECI (KR)	Conforms to
Philippines Inventory of Chemicals and Chemical Substances (PICCS)	PICCS (PH)	Conforms to

State Right-to-Know Information

The following chemicals are specifically listed by individual states; other product specific data in other sections of the SDS may also be applicable for state requirements. For details on your regulatory requirements you should contact the appropriate agency in your state.

WARNING:

This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer.

For more information go to www.P65Warnings.ca.gov

Section 16. Other Information

The information presented in this Safety Data Sheet is based on data considered to be accurate as of the date this Safety Data Sheet was prepared. However, no warranty or representation, expressed or implied, is made as to the accuracy or completeness of the foregoing data and safety information, nor is any authorization given or implied to practice any patented invention without a license. In additional, no responsibility can be assumed by vendor for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices, or from any hazards inherent in the nature of the product.

Revision Date: January 2020
